

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

The next meeting of the American Microscopical Society will be held at Buffalo, N. Y.

HERMANN SCHRENK, . . . . . St. Louis, Mo.  
MARY A. BOOTH, . . . . . Long Meadow, Mass.

---

Contributors are advised to underscore all specific names in their essays, and to prepare their drawings with india-ink on Bristol board, and somewhat larger than the finished plate, which, if full page, should be 10 by 18 centimeters or in that proportion, and on which letters of reference should appear 2 to 3 millimeters in length. By reducing a larger drawing, more perfect and finer work is obtained, but no more lines need be put on it than if made the exact size. The Secretary will gladly give any information desired, and will receive pencil sketches from those unacquainted with drawing, the object being to secure good illustrations at the least expense. Twenty-five separates are furnished by the Society, and as many more at cost of printing as are marked on the proof when it is read by the author.

Pay all dues to MAGNUS PFLAUM, Treas., 415 Grant St., Pittsburg, Pa., from whom back volumes of the Proceedings may be obtained at two dollars per volume, and by members at a reduced price.
